Continuation of 3. NOTE: It should be kept in mind that applicant cannot, as a matter of right, amend any finally rejected claims, add new claims after a final rejection (see 37 CFR 1.116) or reinstate previously canceled claims. Except where an amendment merely cancels claims, adopts examiner suggestions, removes issues for appeal, or in some other way requires only a cursory review by the examiner, compliance with the requirement of a showing under 37 CFR 1.116(b)(3) is expected in all amendments after final rejection.

The proposed amendment is not directed at cancellation of claims, adopts examiner suggestions nor removes issue for appeal. Nor does the proposed amendment require only a cursory review by the examiner. The entry of the proposed amendment would necessitate search and examination that extends beyond cursory review. For example, examination of the proposed claims for new matter would be necessary and a new search would also be required since Applicant has embedded process steps into the proposed claims. Thus, because of the reason(s) set forth herein, the amendment is not entered. All claims remain rejected, as indicated in the final office action.

Further examination of the application may be obtained by filing a request continued examination (RCE) filed under 37 CFR 1.114 with a submission (i.e., an amendment that meets the reply of 37 CFR 1.111) and the fee set forth in 37 CFR 1.17(e). MPEP 714.13.
